

The Big Picture, a musical and cinematic voyage into the meaning of identity, stars clarinetist David Krakauer and the jazz-inspired 35mm Orchestra, re-imagining the music and visuals of some of the most important films and scores in world cinema. Through music by renowned Oscar and GRAMMY® winning composers such as John Williams, Marvin Hamlisch, Randy Newman and Mel Brooks and culled from a diverse range of cinematic achievements- Krakauer

offers a unique lens to experience the universally shared themes of place, identity, and resilience.

Fiddler on the Roof, *Cabaret*, *Chariots of Fire*, *Life is Beautiful*, and other classics are the inspiration for new animated films created by the New York video company Light of Day.
